ANTOINETTE FOUQUE

Gestation, presented as a paradigm of giving and ethics.

› GÉNÉSIQUE : FÉMINOLOGIE III

GENERATIVE FEMINOLOGY III

"In this book that brings together texts written between 1974 and 2012, the philosopher Antoinette Fouque continues her exploration of what is a woman through the prism of the maternal body, a primordial place 'of alterity and hospitality.' In this last essay, gestation is presented as a paradigm of giving and ethics. 'Gestation is the ultimate gift. It's the origin of ethics, giving something definitively to another: life.'" Emmanuelle Barret, *La Marseillaise*, December 9, 2012

**ANTOINETTE FOUQUE
ALAIN TOURAINE (PREFACE)**

The transition... the transformation of one culture to another.

› GRAVIDANZA : FÉMINOLOGIE II

GRAVIDANZA FEMINOLOGY II

"At first, I could hardly hear the voice in question. It was muffled by all of the noise of campaigns and controversies. But ever since reading *There Are Two Sexes* for the first time, I've constantly heard it, more clearly and more audibly than all the rest. It's an insistent yet reserved voice, full of passion, imaginative creativity and secrets to be revealed. A voice that I had only ever found in Rimbaud... What I'm trying to say goes much further than recognizing the importance of one of the threads of feminism. It is about sensing the transition, or rather the transformation, of one culture to another, in which this new feminism played a central role." - Alain Touraine

CHÂTEAUREYNAUD (PREFACE)**

*A dizzying dive into
the literature of the strange
where fantasy and reality
intertwine.*

› POISSONS ROUGES ET AUTRES BÊTES
AUSSI FÉROCES

GOLDFISH AND OTHER SUCH FEROCIOUS BEASTS

This collection of short stories is structured like a bestiary in which the fantastic deciphers the secret urges and obscure recesses of the human heart. In this foreign universe, we are invited to explore our world, divided and ruled by conflicts between the poor and the powerful, women and men, children and adults, racism and war. But there is also a hidden side, with dark humor and hybrid creatures. The frontier becomes permeable between the human and the animal, dreams and facts, oneself and the other.

JACQUELINE MERVILLE

*A timeless, yet highly
topical story.*

› LE COURAGE DES RÊVEUSES

THE COURAGE OF DREAMERS

In a desolate lunar landscape, a woman is running away from a camp. She has been trapped there since a Site blew up, violently contaminating her. After undergoing a series of scientific experiments, she pretended to be dead in order to escape. The anonymous narrator seeks to regain her freedom and memories, which gradually resurface. Although it is not mentioned, the COVID-19 pandemic looms over this novel. The dreamer awakens in the end, yet the dream strikingly resonates with our current reality.

Des Femmes - Antoinette Fouque

Literature & Fiction

NADIA CHAFIK

A story in which we recognize Dihya, Al-Kahina, the warrior queen of the Aures Mountains.

‡ TIHYA : LA LÉGENDE DES PAPILLONS
AUX AILES DÉPLOYÉES

TIHYA

THE LEGEND OF THE BUTTERFLIES WITH OPEN WINGS

Nanna Tuda is telling her grandchildren the story of Tihya. This beautiful warrior united the Berber tribes and fiercely defended the freedom of her people in the face of the early Muslim conquests while Roman power was on the wane. All of this without putting her life on hold as a woman, lover, and mother... A tale in which some will recognize Dihya, Al-Kahina, the warrior queen of the Aures Mountains, whose life has been transformed by generations of storytellers over the centuries.
