To deal with the fast-paced rhythm of our lives, we need to help our bodies so that they can help us in return. The sooner we start the better, but it is never too late. Youth is, above all, about energy. Getting older does not necessarily mean getting old. On the agenda: understanding, helping, and loving your body; working with your body as a team; eating right; boosting your metabolism and health; looking after your skin and hair; thinking positively; and working on your mental game.
