ALESSANDRO STANZIANI

A global economic and political approach to our planet's issues to make sure that the world after doesn't resemble the one before.

› CAPITAL TERRE : UNE HISTOIRE LONGUE DU MONDE D'APRÈS (XXI^E - XXII^E SIÈCLE)

EARTH CAPITAL

A LONG HISTORY OF THE WORLD AFTER (12TH TO 21ST CENTURY)

What if hunger in the world wasn't due to demographic growth, but rather modes of agricultural production and distribution that benefit the wealthy? This militant text, which goes back to the roots of capitalism, suggests turning democracy, social equality, and the environment into the three pillars of the world after, reconciling economic and demographic growth, fighting inequalities, protecting the environment, and pleading for an end to speculation on food commodities, the appropriation of land, and patents.

MIGUEL BONNEFOY

The portrait of four generations of an endearing, uprooted family whose terrible dilemmas, caused by the blows of history, reveal their deep humanity.

› HÉRITAGE

HERITAGE

One hundred years, two continents, four generations, two World Wars, and one military coup d'état: in this dazzling saga that unfolds on both sides of the Atlantic, Miguel Bonnefoy paints the portrait of four generations of an endearing, uprooted family whose terrible dilemmas, caused by the blows of history, reveal their deep humanity.

HERVÉ LE CORRE

Shaken by the abominable cases he is investigating, Jourdan, a police captain in Bordeaux, is starting to feel that his life is adrift. Until he meets Louise.

› TRAVERSER LA NUIT

INTO THE NIGHT

Louise is in her 30s. After her parents died, she sank into alcoholism and drugs. Now she lives alone with her 8-year-old son, Sam, the only bright spot in her life. She is being stalked by her former boyfriend, who nearly beats her to death one day. The investigation is handed to Jourdan, who isn't indifferent to Louise. Meanwhile, a compulsive, unpredictable, and disturbed serial killer is on the loose. At the intersection of both cases is Jourdan, a downbeat police captain hoping to regain his zest for life.

CORINE PELLUCHON

A profound and sensitive reflection on ecological crisis and vulnerability that helps us to redefine our behavior.

› RÉPARONS LE MONDE :
HUMAINS, ANIMAUX, NATURE

TO REPAIR THE WORLD

HUMANS, ANIMALS, NATURE

Our ability to rise to the climate-change challenge and to advocate for more justice for others – including animals – will require a profound reform of our view of humanity's place in the natural order. By taking our own vulnerability and our dependency on larger ecosystems seriously, we realize that our existence on Earth is in fact a coexistence with others. Ecology, animal rights, and respect for vulnerable people are intertwined, and our awareness of the bonds that connect us gives rise to a desire to repair the world.

JEAN-CLAUDE KAUFMANN

In an era of color coding to manage our social relationships and greeting rites, where does kissing and its multiple meanings over the centuries now stand?

› CE QU'EMBRASSER VEUT DIRE

WHAT KISSING MEANS REASON, SEX, AND FEELINGS

The pandemic seems to have resulted in a growing trend: evaluating the consequences of contact is pushing us toward a sterile world of emotional and physical loneliness. In reality, this evolution is fueling resistance, where kissing has reclaimed its place. In order to live with greater intensity, we have to take the risk of kissing each other. Looking back over the history of kissing and drawing on a recent sociological study, Kaufmann analyzes the surprising emergence of a new kind of romanticism in our feelings.
