# ONE THOUSAND YEARS OF MANGA

Manga as we know it today is deeply rooted in ancient Japanese culture. In fact, it can be traced back to temple paintings from the 7th century, folding screens decorated with comical characters, and painted scrolls. *One Thousand Years of Manga* spans the history of this medium, demonstrating how it has become a key facet of Japanese culture that is now enjoyed across the globe. A rich documentary account and a visual delight packed with over 400 illustrations.

PICASSO SORCIER

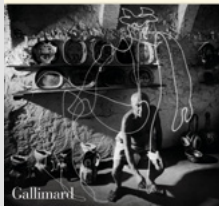

# PICASSO THE SORCERER

Throughout his life, Pablo Picasso obsessively established a collection of personal archives numbering 200,000 pieces: correspondence, press clippings, photographs, and numerous objects from daily life that were found after his death, like priceless witnesses to his private life. Behind this mad sedimentation, Pablo Picasso was moved by a hoarding desire that hid the magical fear of being enchanted. Through an illustrated gallery of this memorabilia, this book explores a little-known facet of Picasso the enchanter: an artist, both sorcerer-like and superstitious due to his Spanish and Italian roots, who drew on the essence of his innermost self to create.

*This title follows the literary and graphic evolution of The Little Prince through early drawings, manuscripts, sketches, excerpts from letters, etc.*

} À LA RENCONTRE DU PETIT PRINCE

## AN ENCOUNTER WITH THE LITTLE PRINCE

In addition to analyzing the work itself, this catalogue includes 80 exceptional, previously unpublished preparatory drawings for *The Little Prince*. These drawings, some of which were found only very recently, illustrate scenes that were deleted from Saint-Exupéry's manuscript – a manuscript kept at the Morgan Library in New York. This historic publication contains numerous previously unpublished documents, manuscripts, drawings, and correspondence from French and American collections.

FRANÇOIS LASSERRE

*A beautifully illustrated book that draws up an inventory of little garden creatures.*

} INVENTAIRE DES PETITES BÊTES DES JARDINS

## INVENTORY OF LITTLE GARDEN CREATURES

Gardens are wonderful ecosystems and home to many living creatures that are incredibly helpful to nature. This book lists over 100 species that live in our gardens in order to help us get to know and protect them better. Among the species listed, some are familiar (bee, wasp, fly, butterfly) while others are more mysterious, such as the Colorado beetle or the dung-burying beetle. Each description provides information about the kind of food they eat and their place in the food chain.

YVES FRÉMION

Images are more  
than ever the target  
of totalitarian regimes,  
all around the world.

} IMAGES INTERDITES

# PROHIBITED IMAGES

Over the last 20 years, thousands of pictures have been attacked, destroyed, or banned and their authors persecuted, imprisoned, targeted on social media, or even murdered. This book is a compilation of images that have shocked or angered censors in every domain (political cartoons, illustrations, TV, photography, painting, street art, graphic design, book covers, the Internet, etc.) in every country, from the most democratic to the most authoritarian, and from all political, religious, or philosophical ideologies.

COLLECTIVE

To celebrate the 60<sup>th</sup>  
anniversary of the creation  
of the fashion house, this title  
shines a spotlight on the links  
between art and Yves Saint  
Laurent's fashion career.

} YVES SAINT LAURENT AUX MUSÉES

# YVES SAINT LAURENT AND ART

The Musée Yves Saint Laurent Paris is organizing a retrospective that showcases Yves Saint Laurent's designs alongside works from the collections of 6 major Parisian institutions. Yves Saint Laurent drew inspiration from art throughout his career. Here, his androgynous silhouettes and Proust-inspired dresses join *Le Déjeuner sur l'herbe*; his feather designs meet Jackson Pollock's drip art; and the patterns of his coats are set against Matisse's *Dance*.
