DANS LE CIEL TOUT VA BIEN

A journey to prehistoric times!

UN LONG VOYAGE

A LONG JOURNEY

This textless book takes us to prehistoric times as we follow a family and their adventures through a landscape that unfolds continuously. Each page of the book could be put end to end, creating a long panorama without any gaps. Along this journey that evolves according to the seasons, we also come across mammoths, panthers, and caves decorated with cave paintings.

EMMA GIULIANI

A beautiful accordion book, for a poetic journey from a garden to the sky...

UN AUTRE JARDIN

ANOTHER GARDEN

"I would like a garden at my window with basil, a daisy, a ladybug sheltered in jasmine. Then I could dream of another garden." In this animated and poetic accordion book, Emma Giuliani plunges us into her dream of another garden: a ladybug in a garden, a fort in a tree, dunes by the sea, a secret forest, stairs to climb a mountain, a path of stars, a quarter of a moon... Emma Giuliani is a graphic designer and illustrator living near Paris, France. She is the author of *In the Garden*, *At Sea*, *Seeing the Day*, and *Egyptomania*, translated into many languages.

› IKKO ET LA LUNE

IKKO AND THE MOON

Ikko, a bear cub, is sad when Mamako tells him she is going on a trip. She explains to him that she'll be back when the crescent moon is reversed and gives Ikko a book about the moon. Ikko thus marks the days of her absence with his book. Ikko cries, gets bored, feels like time is crawling by... and finally, when Ikko goes outside to play, here comes Mamako, just as the crescent moon is completely reversed. A tale of trust, love, and patience. In the same series: *Ikko and the Gift*, *Ikko and the Shell*, *Ikko and the Poppies*...

BERNADETTE GERVAIS

*A poetic and humorous way
of organizing the world.*

DES TRUCS COMME CI, DES TRUCS COMME ÇA

THINGS LIKE THIS, THINGS LIKE THAT

What do a watering can, a salt shaker, and a colander have in common? What about a hedgehog, a fork, and hot chili? In *Things Like This*, *Thing Like That*, you will discover objects, animals, and plants presented as things with holes, things that sting, fragile things, things that cut... Approximately 20 different "families" are featured. A way of organizing the world with poetry and humor. Skillfully laid out and made using a mixture of stencils and sponge work, the illustrations reveal the artist's talent for precision and observing the world around her.
