ACR Édition

Founded in 1983, **ACR Edition** specializes in art books and quality illustrated books. "Les Orientalistes" collection has become an international reference thanks to outstanding monographs of major artists of this movement. Our interest for cross-cultural creativity is also expressed in a series of books devoted to the countries of the Arab world (Morocco, Tunisia, Libya, Egypt, Mauritania, and Yemen). But ACR Edition's specificity also resides in the production of major catalogues: Gustave Moreau, Henri Toulouse-Lautrec, Foujita, and Narcisse Diaz de la Peña. ACR Edition also publishes "Poche Couleur," a thriving paperback collection that boasts more than 40 titles of great thematic and artistic diversity.

› ARABESQUES : ARTS DÉCORATIFS AU MAROC

ARABESQUES DECORATIVE ART IN MOROCCO

After a brief historical survey to identify the specificity of Islamic art in Morocco, we study the three main families of decoration in architecture: calligraphy, floral arabesque, and, above all, geometric decoration, which provides the most original and in-depth material in the book. The technical presentation is based on drawings and is accompanied by numerous photographs taken at Morocco's most beautiful sites (monuments, royal palaces, cities). For the pleasure of the eyes... and the mind.

› CHARLES BARGUE, COURS DE DESSIN

CHARLES BARGUE: DRAWING COURSE

The course consists of a set of nearly 200 masterful lithographs, which were all subjects intended to be copied by drawing students before they took up life drawing. This work will therefore be of interest to artists, art students and art historians, but also to amateurs and collectors of drawings. The reader will also discover the work and the life of a master who has been neglected up until now: Charles Barge.

THE ORIENTALISTS: TRAVELING PAINTERS

With the development of transportation, the painters of the 19th century succumbed to the mirages of the Orient. They brought back images flooded with sunlight, full of color and richness. Lynne Thornton, a specialized expert, has studied nearly 150 painters, from Delacroix to Ziem, as well as many little-known masters. An essential reference for collectors and a wonderful invitation to travel.
