From junk food to haute cuisine, the author takes us on an epicurean quest for meaning and sensations! And while following the paths of taste and intimacy, Aurélia Aurita tells the story of a personal tragedy as cancer turns her life upside down... but it will never triumph over the instinct of pleasure and the delicious life that flows throughout this book.

# DRAWING ON THE EDGE

## CHRONICLES FROM ISTANBUL

As Turkey slips from democracy toward authoritarianism, the author finds himself on the front lines. Told through the unsparing but lighthearted observations of an artist, this is the portrait of a country pulled apart by discord and military coups, where basic liberties have been chipped away, where the prime minister's powers are growing by the day, and where a political cartoonist can end up behind bars. A captivating look into what it means to pursue one's dream in the face of repression.
