Mijade

Created in 1993, **Mijade** is a publishing house that specializes in picture books for young children (between the ages of 2 and 7) and novels for older children and young adults. Our titles are designed for enjoyment within the family, but also for use by pre-school, kindergarten, and primary school teachers as well as by libraries. About 50% of the published books are new creations while the other 50% are either translations or out-of-print books. As a result, Mijade offers bestselling books published within the last 25 years that both book professionals and the larger public were sorry to see disappear from shelves. In addition to its picture book catalogue, Mijade has a department dedicated to small-sized books called "Petits Mijade" as well as three collections of novels: "Passages" for readers ages 6-9, "Zone J" for readers ages 9-15, and "Mijade Romans" for readers ages 15+.
